

Question 1: How has one culture's relationship to the world changed over time? (Interrelationships)

Choose topics that has affected other cultures: trade, transportation, art, religion, technology, literature, leadership, exchange of ideas. Investigate it by taking a "snapshot" look at that topic during at least 3 different time periods. You'll need to describe how it has changed over time, and how it has influenced other cultures.

Question 2: What impact does geography have on a culture? (Interdependence or Interrelationships)

Question 3: What can you learn about cultures based on their art?

Art Form: _____

Description of art form:

Culture

Culture

Similarities (Include how they were influenced by each other.)

Differences (Include how their different cultures influenced their art)

Examples of types of art forms: sculpture, music, painting, ceramics, architecture, metal, jewelry, textiles, engraving, theater. You will need to include information you learned about each culture by studying the art form. What can you conclude about these cultures by studying the art forms?

Question 4: How do leaders of yesterday and today compare?

	Name of Leader	Name of Leader
Leader's Characteristics (training & experience, what they say, what they believe, what they think, issues important to them)		
The leader's effect on their culture
